Notice

A Note Regarding Cost Disclosures: Cost disclosures are intended to provide information regarding fees related to the use and/or subscription to certified functionality within the certified electronic health information technology and related health IT modules. Please note that the fees described herein are intended to provide the notification of the existence of a fee where one exists and not a detailed fee schedule. Additional fees may exist for functions, services, subscriptions that do not involve or require certified functionality, services, and subscriptions. This information is subject to change without notice but is mandated to be updated, at minimum, quarterly each calendar year as per the ONC Conditions of Certification Maintenance requirements.

Capability and Description

ONC Certification Criteria for Health IT applicable to myCare Portal Version 4.0 : b10, d1, d2, d3, d5, d7, d9, d12, d13, e1, e3, g4, g5, g6, g7, g9

myCare Portal Version 4.0 is a patient communications system designed to support healthcare professionals in ophthalmology and optometry in outpatient ambulatory environments. It is intended for use with Sightview Software, LLC EHR Health IT modules, and it allows users to perform a wide range of functions such as to:

- Doctor to Patient, Patient to Doctor Secure Messaging
- Provide patients with access to online health summaries.
- Collect Patient Generated Health Data
- Automated reminders and Follow-up,
- Provide Application Access functionality (patient selection and all data request) for authorized users of the myCare Portal Version 3.0. myCare Portal does not include Standardized API for Patient and Population services.
- EHI Export for single patient and all patients – requires use of Sightview Software, LLC CEHRT to perform export requests.

Types of Costs or Fees and Additional Types of Costs or Fees

This certified product-version may require additional monthly costs to support transition of care summaries (170.315.b.1) when more than a HISP mailbox is required and online patient service (170.315.e.1). A Sightview or third-party PMS and the Sightview EHR is required to maintain patient demographics and health records. Sales contract and business associate agreement (BAA) must be executed with the third party selected.

Additional subscription fees may apply for use of Premium myCare Portal services.

This Health IT Module is compliant with the ONC Certification Criteria for Health IT and has been certified by an ONC-ACB in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. This certification does not represent an endorsement by the U.S. Department of Health and Human Services.
